

# #LOFS2023

## Key questions

**Why is it important to visit a farm?**  
**What are farmers doing to improve biodiversity and wildlife on their farm?**  
**What stories can the farmer tell me about their farm?**

## Introduction

**LEAF Open Farm Sunday, 11<sup>th</sup> June 2023** is farming's annual open day giving visitors the opportunity to learn more about farming and the countryside, and farmers the chance to talk about what they're so proud of: British food and farming!

## Instructions

Ask pupils to identify a local farm hosting a LOFS event that you could visit? Reflect on the key questions you have explored this week and prepare questions that you want to ask the farmer when you visit their farm to learn more about their responsibilities and future plans to continue producing food.

## You could also...

Watch the LOFS video and create a word cloud of reasons why it might be important to visit a farm and not just learn about farming in the classroom.
