

Sheet 23

Name:

FIELD LANDSCAPES (PART 1)

Find a vantage point where you can overlook the landscape, seeing a number of fields. Make a sketch map of what you see.

Sketch map

Tick if your landscape has:

Grassland	In-field trees	
Planted crops	Small parcels	
Walls	Mainly large parcels	
Fences	Woodland	
Farmer-planted margins	In-hedge trees	

Sheet 24

Name:

FIELD LANDSCAPES (PART 2)

Compare the field shapes on your sketch with those on the sketch below, which shows small irregularly shaped fields created over hundreds of years by the clearing of woods and heath in an area of Devon.

Sketch of a Devon landscape. (From an aerial photo of the Blackdown Hills near Luppitt.)

Mark an x on the line to show how similar or different the landscape is.
